- We are providing 6 out of 9 Steps of Industry 4.0 Technologies.
- We have all necessary quality equipments; APQP, FMEA, MSA, SPC, 8D & Risk Assesments.

Quality Control Equipments

- Spectrometers
- Digital Measurement Device
- 2 x CMM Machines
- Vacuum Device
- X-Ray Machines

HPDC Design

- PowerMill
- AutoCAD
- Mastercam
- SolidWorks
- Novacast

YOUR SOLUTION PARTNER
SINCE 1978

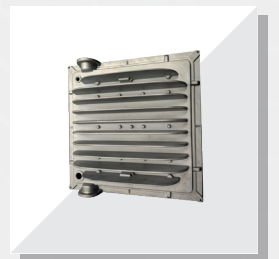

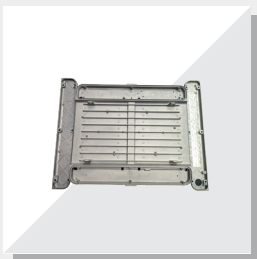

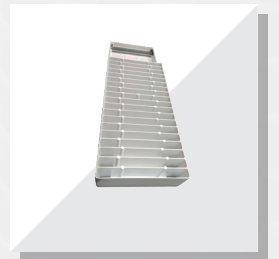

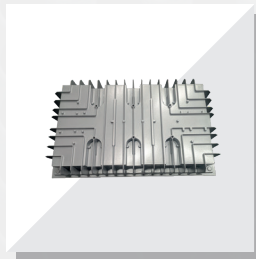

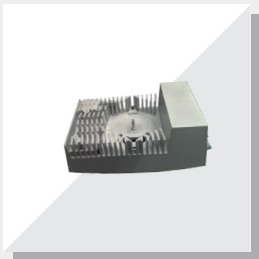

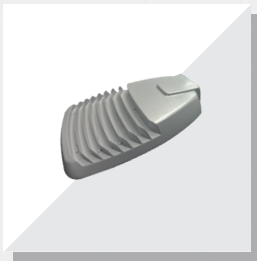

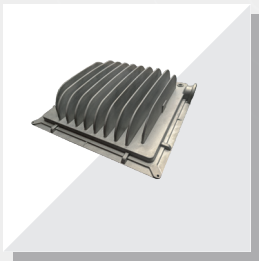

- Strico Melting Furnaces;
with 14 Automatic Dosing Furnaces
- 15 Trimming Press
- 4 Shotblasting (Hanger & Drum Type)
- 2 Vibration Machine
- 8 Brother CNC Tapping Center
- Goodway CNC & Daewoo CNC Lathe

*Continuous painting line with reciprocal spraying robots.

*Most areas of the parts was painted with the robotic system.
